THE PATH OF PEACE

By Andy White, 2010

RIFF: E—A (2x)

```
     E                    A
For unto us a child is born
     E                    A
This little baby is our Lord
     E                          A
For us he raised salvation's horn
     E                          A        (RIFF: E—A, 1x)
His perfect love we see outpoured
```

No longer with our hearts at war, Our brokenness He can restore
That we might live with guilt no more, Like Abraham our father swore

```
       F#m                A                E                      B
He remembered us and rescued us, Redeemed us from our sin
           F#m              A                  E                   B
Hear the angels sing, He is the King, That brings us hope again
            F#m             A                  E                  B
Heaven's only child, He reconciled, Now we are walking in…
              F#m—E/G#—A—Bsus
The path of……peace……
              F#m—E/G#—A—Bsus—B
The path of……peace……
```

The rising heaven sun appeared, God's tender mercy has come near
Now we can serve Him without fear, Live rightly with Him all our years

BRIDGE

```
